**ENVIRONMENTAL EDUCATION CLUB
REPORT FOR THE ACADEMIC YEAR 2022-2023**

Environmental Education club was started during this academic year 2022-2023 and functions effectively.

Environment Education Club and Science Club jointly organised a One Day Seminar on the world Ozone Day on 16.09.2022. The students and the teachers took the Ozone Day pledge. Prof. Dr Sathya Albert from Sastra Deemed To Be University delivered a special lecture on the role of the Ozone layer and its importance for life on earth. Mr. Stepen Nathan, District Secretary of Tamil Nadu Science forum rendered a talk on ‘Why Ozone is good up high and bad nearby’. Mr. M. Thiyagarajan, from Tamil Nadu Science forum addressed the gathering on the dire need to save our environment and the role of the students to protect nature thereby creating an environmental awareness among the students. Prof. Dr. R. Sagayagiri of Botany distributed “Nature Manure” bags to the students.

Earth day was observed on 22 nd April 2022 and the theme is “Invest in Our planet” in our institution as a joint venture of Extension activities to initiate and plant One lakh tree saplings on that day thereby creating environmental awareness among the students paving way to protect preserve and safeguard nature.

A One Day seminar was organised as a part of Wild Life Day celebrations on 03. 03. 2023 Dr. P. K. Ram Kumar, Asst. Prof Veterinary College TANUVAS from Orathanadu was the chief guest who threw his presentations titled “Living In Harmony with Wild Life” starting from Big Bang and enumerated the various factors that influence the animals to adapt themselves to the changing environment and the living species as a whole.

All the students took an active participation by answering and posing queries and made the sessions quite lively and interesting on the whole.
